

Your career. Your future. Your way.

Personalised employment support for NDIS participants

If you're an NDIS participant who needs help to find and keep a job, we can help.

We're with you every step, whether you want to:

- transition from supported employment into open employment
- find a job you enjoy
- build a lasting career.

We do this through Inclusive Employment Australia. Accessing our service is free and won't impact the support you get through your current NDIS plan.

Disability specialists who get you

At each stage of your journey, you'll get support from an expert who understands you. Our disability employment specialists have worked with people from all walks of life. Many have their own lived experience.

You won't have to keep explaining your story because we listen and genuinely care.

"I've been supported through many improvements to my life, including access to NDIS. I now know that my disability isn't a barrier to work and feel that I can continue in the workplace into the future."
